

# Join the Green Team

The Club that  
keeps giving!

## *What is the Green Team?*

The Green Team is a Recycle Club open to students in all grades

## *What does the Green Team do?*

Once a week, the Green Team members meet with Mrs. Sandstrom for 15 minutes at the end of lunch to gather and sort all the recyclables found in the Recycle Bins/Boxes on campus.

## *What does the Green Team do with the Recyclables?*

Volunteer parents take the bags of sorted recyclables to a Recycling Center in your city to turn in the cans and bottles for money. The money is brought to school and kept in a 'Green Team Account.' At the end of the school year, the money collected will be mailed to a local children's hospital to be used to help children who are unable to attend school because they are sick and in the hospital.

## *How can I get involved with the Green Team?*

We are all part of the Green Team just by being a student at our school. However, there are two main ways you can be involved with the Club: 1) Make sure you and your friends are recycling your cans and all plastic bottles--water, juice, sports drink, and chocolate milk, by placing the empty containers in the Recycle Bins/Boxes at school. 2) You can also save all your cans and bottles at home and take them to a center yourself, then just bring in the money and receipt and turn it in to the Green Team.

Remember, whichever way you choose to be a part of Beatitudes Green Team, know that you are taking care of the beautiful planet God has made for us, and you're also helping sick children who may not be as fortunate as you!

*Look for more information in the upcoming Tuesday Bulletins or see Mrs. Sandstrom after school.*
