5th Grade

Summer Math and Reading/Practice

- IXL (per week): 1 hr. practicing Math; 1 hr. practicing Language Arts
- Read 1 books this summer! You have one book to read for this summer, which you'll take an AR test the first week of instruction. Please feel free to read more books if you can! *"The more you read, the better you get at it"*-James Patterson
- Journal Entries (1 per week): Students will get a composition notebook. Each week they are to write a journal entry. Each journal entry should be at least 1 paragraph long (5 sentences). Attached are writing prompts they can choose from. They need to have at least 9 journal entries in their notebook. They are required to do only 1 per week, but if they do more that is great! Please have them pace themselves and not write the journal entries all at once! Consistent writing practice throughout the summer will help them remember their writing skills, so they are ready for the incoming school year.
- Summer Reading Book: *Out of My Mind* By: Sharon M. Draper ATOS BL: 4.3

Summary: Melody is not like most people. She cannot walk or talk, but she has a photographic memory; she can remember every detail of everything she has ever experienced. She is smarter than most of the adults who try to diagnose her and smarter than her classmates in her integrated classroom - the very same classmates who dismiss her as mentally challenged because she cannot tell them otherwise. But Melody refuses to be defined by cerebral palsy. And she's determined to let everyone know it - somehow.
